St George's CE Primary School and Pre-School

Safeguarding and Child Protection Policy and Procedures 2025/26

This policy has undergone an Equalities Impact Assessment in line with the requirements of the Public Sector Equality Duty

Committee:	Trust Board
Policy Ratified:	July / September 2025 (Ratified in July following the draft KCSiE release so that schools have time to provide their local context; it is considered for further ratification again in September if the final version of KCSiE leads to further substantive policy changes)
Review Date:	July / September 2026

Additional School Procedure	
Committee:	LGB (via email)
Procedure Adopted:	September 2025
Review Date:	September 2026

NOTICE OF SAFEGUARDING
St George's CE Primary School and Pre-School

Last Updated: 27/08/2025

Our appointed Local Governor for safeguarding:

Heather Pardoe

Our designated lead for safeguarding:

Katy Astle

Our deputy designated lead(s) for safeguarding:

Amy Howe, Chantelle Legg, Sophy Friend

Our senior leader with oversight of pupil attendance:

Katy Astle

Our designated teacher for looked-after (or previously looked-after) children:

Katy Astle

Our staff and/or local governors who have safer recruitment training are:

Katy Astle, Hannah Seaton-Sykes, Nikki Rutter

Our online safety champion is:

Amy Howe

Our Educational Visits Coordinator (EVC) is:

Chantelle Legg

Our additional relevant roles are:

SENDCo with level 3 safeguarding – Sharon Reddyhoff **ELSA – Sophy Friend** **Pre-school and wraparound club assistant with level 3 safeguarding – Hannah Lambert**

The person who takes leadership responsibility for safeguarding across the Partnership is the **Chief Executive Officer, Paul Howieson.**

The appointed Trustee who provides oversight of safeguarding across the Partnership is: **Lucy Waterhouse**

Contents

Other documentation

This policy should be read in conjunction with national and local guidance and CLP policies as follows:

National Guidance

Three key DfE documents underpin all aspects of safeguarding and child protection:

- *Keeping Children Safe in Education*;
- *Working Together to Safeguard Children*; **and**
- **Staff safer working practices are informed by:** *Guidance for safer working practice for those working with children and young people in education settings*

Further DfE materials:

- Arranging Alternative Provision, A Guide for Local Authorities and Schools: guidance can be found here.
- Information Sharing Advice for practitioners providing safeguarding services for children, young people, parents and carers: guidance can be found here.
- Digital and technology standards in schools can be found here.
- Sharing nudes and semi-nudes: how to respond to an incident (overview), guidance here.
- Support and training materials on relationships, sex and health education can be found here.
- Promoting and supporting mental health and wellbeing in schools and colleges can be found here.

The *Counter-Terrorism and Security Act 2015* includes the Prevent Duty. Please refer to:

- *The Prevent Duty: Departmental Advice for Schools and Childcare Providers*;
- *Prevent Duty Guidance for England and Wales* (statutory);
- *Channel Duty Guidance: Protecting Vulnerable People from Being Drawn into Terrorism*; and
- *Teaching Online Safety in School*

(For Church schools) Church of England guidance:

- *Valuing all God's Children* (Summer 2019)

Local Guidance

- Pan Dorset Multi-Agency Safeguarding Policies and Procedures Manual
- Pan Dorset Safeguarding Children Partnership website

CLP Policies

Core suite of safeguarding policies:

- Code of Conduct (staff, volunteers, governors)
- Procedural Policy for Managing Allegations of Abuse (of a Child) Made Against a Member of Staff
- IT and Communications Systems Policy (includes online safety, use of social media, acceptable use agreements and other aspects vital to safeguarding)
- Safer Recruitment Policy
- Whistleblowing Policy and Procedure

Other relevant policies:

- Artificial Intelligence Policy
- Data Protection Policy
- Educational Visits Policy
- EYFS policy
- First Aid, Supporting Pupils with Medical Conditions and Managing Medication and Allergy Policy
- Health & Safety Policy
- Hiring and Lettings policy
- Intimate Care Policy
- Lockdown arrangements
- Lettings Policy (clarifies schools' roles in safeguarding arrangements when letting premises)
- Nappy Changing Policy
- Partnership-Wide Policy for Behaviour and Relationships (plus school's local behaviour policies)
- Physical Contact in Pre-School Policy
- PSHCE Policy (including Sex and Relationships Education)
- Pupil Attendance Policy

Many of these policies are available routinely on the school website; any that are not can be obtained by contacting the school directly.

1. **Aims**

Coastal Learning Partnership (CLP) fully recognises its responsibilities for safeguarding pupils/child protection.

1.1   The aims of the policy are to:

- Promote a culture and whole-school approach in which children feel safe, including when online;
- Set out the various responsibilities which together ensure a robust safeguarding culture;
- Ensure that effective procedures are in place to deal with any safeguarding issues which may arise;
- Ensure that CLP schools develop and implement procedures in accordance with this policy;
- Assist staff to work safely and responsibly and to monitor their own standards and practices;
- Describe how CLP schools meet statutory responsibilities as outlined in Keeping Children Safe in Education (KCSiE).
- Ensure robust monitoring and evaluation arrangements exist in pursuit of these aims.

1.2   Principles underpinning the aims:

- The welfare of the pupil is paramount;
- Schools must take account of the government guidance in KCSiE, the Prevent Duty and must follow the procedures laid down;
- It is the responsibility of all adults who work with pupils to safeguard and promote their welfare; under the Prevent Duty this includes action to identify and safeguard those at risk of being drawn into supporting terrorism. There is also a responsibility to be diligent in the prevention of Female Genital Mutilation (FGM) and forced marriage;
- Staff are responsible for their own actions and behaviour and should avoid any conduct which leads any reasonable person to question their motivation and intentions;
- The same professional standards should be applied regardless of culture, gender, language, racial origin, religious belief and/or sexual identity; and
- Staff should continually monitor and review their own practice.

2. **Contents of the Policy**

2.1   There are six main elements to the policy:

- To ensure safe recruitment in checking the suitability of staff and volunteers to work with pupils;
- To raise awareness of all safeguarding pupil/child protection issues and equip pupils with the skills needed to keep them safe and healthy in every way including when online;
- To develop and then implement procedures for identifying and reporting cases, or suspected cases, of abuse or terrorist threats;
- To support pupils who have been abused in accordance with his/her agreed protection plan;
- To establish a safe environment in which pupils can flourish; and
- To ensure that staff can deal with issues related to staying safe online.

2.2   A summary of CLP's overall approach to safeguarding can be found at Appendix C.

3. **Responsibilities**

3.1   All adults in CLP schools have an individual responsibility to safeguard and promote the welfare of children by taking appropriate action. This includes taking action where there are child protection concerns.

3.2   The Trust Board is ultimately accountable for ensuring that CLP schools have an effective child protection policy which is reviewed annually and available publicly. In CLP schools, this policy along with associated documentation is readily available through the Partnership website as well as the websites of the separate schools. Statutory safeguarding guidance for schools within KCSiE requires all schools to have a senior

board level (or equivalent) lead to take leadership responsibility for safeguarding. In CLP, there is an 'Appointed Trustee for Safeguarding' and additionally each Local Governing Body (LGB) has an 'Appointed Local Governor for Safeguarding'. These individuals provide a link between the schools and their Local Governing Bodies as well as to the Trust Board enabling monitoring of the effectiveness of mandatory policies, procedures and training. They are named on page 2 of this policy.

3.3   The Trust Board will:

- Ensure that all appropriate policies are in place which together define how an effective safeguarding culture and child protection procedures are established;
- Ensure that schools have access to appropriate training as required by this policy, including supervision for DSLs;
- Ensure that there is an Appointed Trustee for Safeguarding;
- Ensure that appropriate arrangements are in place for the Single Central Record (SCR) and that the SCR is scrutinised, in addition to the school's DSL, by an individual external to the school with appropriate experience and expertise;
- Ensure that appropriate arrangements are in place to keep children safe online, including meeting the DfE's Filtering and Monitoring Standards;
- Be responsible for reviewing and amending the policy as appropriate;
- Undertake training and reading as required by this policy.

3.4   The Appointed Trustee for Safeguarding will:

- Through taking a lead role in safeguarding governance, acquire a deeper working knowledge of the Partnership's overall safeguarding arrangements and effectiveness;
- Provide direct support and challenge which contributes to the continued strengthening of the Partnership's overall safeguarding culture;
- Report to the Trust Board, providing assurances of the Partnership's compliance with its statutory requirements and its ongoing improvement.
- A separate document outlines the duties of the Appointed Trustee for Safeguarding more fully, along with a schedule of key activity.

3.5   The Trust Central Team:

3.5.1   The Chief Executive Officer is responsible for:
- Annual review of KCSiE changes and subsequent updates to Partnership policy suite for Trust Board consideration
- Facilitation of DSL networks
- Reporting oversight and reporting/assurance to Board, particularly through close working with the Appointed Trustee for Safeguarding;
- Ongoing support/guidance to HTs/DSLs around policy and practice.
- Procurement of external safeguarding review services, as described in this policy.
- Procurement of supervision arrangements for DSLs, as described in this policy.

3.5.2   The Head of Finance and Operations is responsible for:
- Procurement of services such as software for managing concerns.
- Ensure necessary arrangements are in place to deliver the training requirements outlined in this policy.

3.5.3   The Head of Human Resources is responsible for:
- Safer recruitment policy, practice and training including induction
- Arrangements for Single Central Record including oversight and monitoring
- Support with management of allegations and referrals to DBS

3.5.4   Head of Learning and Achievement/CEO is responsible for:
- Further support/guidance to HTs/DSLs around policy and practice

- Through CLP's ongoing curriculum development work with schools, ensuring that each school's curriculum is designed to raise safeguarding awareness among children.

3.5.5 The Data Protection Officer will:
- Encourage a secure data protection culture where best practice and endeavour ensure that all personal data is processed in compliance with the General Data Protection Regulation and the Data Protection Act 2018.
- Ensure that high standards of data security and confidentially are maintained at all times;
- Coordinate, monitor and oversee appropriate training in data management and encourage a positive data culture;
- Advise on data issues concerning safeguarding and attendance, assess the severity of data breaches and respond accordingly.

3.6 The Local Governing Body will:
- Ensure that the school's procedures reflect the requirements of this and associated policies;
- Designate an Appointed Local Governor to liaise with the Headteacher and Designated Safeguarding Lead (DSL) on safeguarding matters;
- Ensure reporting takes place as defined in this policy and that reporting gives rise to purposeful challenge and support;
- Undertake training and required reading as required by this policy.

3.7 The Appointed Local Governor for Safeguarding will:
- Through taking a lead role in local safeguarding governance, acquire a deeper working knowledge of the individual school's safeguarding arrangements and effectiveness;
- Provide direct support and challenge which contributes to the DSLs' continued strengthening of the school's safeguarding culture;
- Report to the Local Governing Body, providing assurances of the school's compliance with appropriate policies and procedures as well as ongoing improvements.

A separate document outlines the duties of the Appointed Local Governor for Safeguarding more fully, along with a schedule of key activity.

3.8 The Headteacher will:
- Be responsible for the implementation of the policy and ensuring that the outcomes are monitored;
- Appoint a DSL from within the Senior Leadership Team (SLT) as well as appropriate Deputy DSL(s) to ensure adequate cover;
- Appoint all other roles as set out on the Notice of Safeguarding (page 2 of this policy) (noting that the senior leader with oversight of attendance must also be significantly involved in the school's safeguarding arrangements);
- Determine an appropriate training programme in consultation with the DSL;
- Report to the Local Governing Body and the Full Trust Board as described in this policy.

3.9 Designated Safeguarding Lead (and Deputies)

The designated safeguarding lead takes lead responsibility for safeguarding and child protection (including online safety and understanding the filtering and monitoring systems and processes in place). The day-to-day leadership and management of safeguarding and child protection is therefore delegated to the schools' Designated Safeguarding Lead (DSL), who must be appointed from within the school's leadership team. The DSL is supported in his/her duties by one or more deputy DSLs.

Staff will always have access to the school's DSL and/or Deputy DSL, even if some exceptional circumstances require that to be remote such as via telephone or video conference call.

The DSL and deputy DSL for safeguarding pupil/child protection are named on page 2. The role of the DSL is to:

1) Strengthen the school's safeguarding culture
2) Ensure that safeguarding is undertaken in line with all relevant policies and procedures
3) Keep staff and Local Governors up to date.

The role of the DSL is described fully in Annex C of KCSiE. In addition to the duties outlined in Annex C, DSLs have oversight of the Single Central Record in their schools.

3.10 All staff will:

- Abide by the CLP code of conduct. Staff are reminded that they are in a 'position of trust' (under Section 16 of the Sexual Offences Act 2003) and must avoid any behaviour that could be construed as an abuse of trust.
- Work in a way that is attentive to safe working practices, as illustrated in the publication 'Guidance for safer working practice for those working with children and young people in education settings'.
- Be alert to the signs of mental and physical harm, abuse and neglect. They should report any concerns immediately to the DSL or Deputy DSL using the school's agreed procedures. If in any doubt, staff should consult with the DSL. The same applies to any concerns relating to the Prevent Duty.
- Raise concerns and suspicions immediately with the DSL or deputy. This is because other staff may not be fully apprised of all safeguarding concerns around a child as the DSL may have additional information pertaining to them and their care: it is the DSL who can see the full picture of concerns around a child.
- Operate a high standard of data management which reduces the likelihood of breach or loss of data, such as that pertaining to safeguarding and attendance, under the guidance of the Data Protection Manager.
- Any members of staff may be asked to attend a Child Protection conference for which they should provide a report. Staff involved will be helped by the DSL to provide relevant information. Attendance may similarly be required at other meetings including Child In Need (CIN), Team Around the Child (TAC) and Team Around the Family (TAF).
- [For those staff directly involved in teaching and learning] Take appropriate opportunities to cover safeguarding issues in their classes. This may include covering relevant issues through Relationships Education and Relationships and Sex Education, and/or where delivered through Personal, Social, Health and Economic (PSHE) education. The Government has made regulations which have made the subjects of Relationships Education (for all primary pupils) and Relationships and Sex Education (for all secondary education) and Health Education (for all pupils in state-funded schools) mandatory.

4. Required reading, training and induction

4.1 Safeguarding and child protection is part of induction for all staff, regular volunteers and governors new to CLP schools. This induction includes the school's policy and arrangements as well as the required reading and training outlined below.

Required reading for staff and volunteers:

4.2 All staff and volunteers who work directly with children are required to read Part 1 of KCSiE on induction and at the start of every year and to confirm that they have done so. This also applies to regular volunteers who work directly with children.

4.3 Staff and volunteers who do not work directly with children are required to similarly read Annex A (which is a condensed version of Part 1).

4.4 A proportional risk-based approach will be taken regarding the level of information provided to all temporary staff and volunteers. As a minimum they will be provided with, and will be expected to follow, the child protection summary sheet (at appendix B) and directed to the full document.

Required reading for individuals with a governance responsibility:

4.5   All Trustees are required to read KCSiE in full on induction and each year thereafter and confirm that they have done so; the same applies to those appointed as Local Governors for Safeguarding.

4.6   All other individuals with a governance responsibility must similarly read at least Part 1 of KCSiE and confirm that they have done so.

Required training for all staff:

4.7   All staff, and all those with a governance responsibility, are required to complete an e-training unit every September which refreshes and updates their knowledge of best practice in safeguarding and the latest version of KCSiE. This unit includes a reminder about indicators of abuse and abuse in all of its different forms, including child exploitation, female genital mutilation and radicalisation. Completion of this e-training unit is not necessary for those who have undertaken the three-yearly refresher training that same September (as per para 4.8).

4.8   All staff who do not have designated responsibility for safeguarding and child protection will undertake suitable accredited refresher training at least every three years. Any members of staff who miss any whole-school training, or were not in post at the time, will be required to undertake the next available and relevant training e.g. by joining another school's training.

4.9   All staff members will receive regular safeguarding and child protection updates from the DSL as required, but at least termly. This will include learning from local and national child safeguarding practice reviews when the learning becomes available as well as online safety.

4.10   DSLs will make arrangements for all staff to undertake deeper awareness training related to radicalisation and female genital mutilation (FGM) every two years. DSLs will use the Government's online Prevent Duty Awareness Course here for radicalisation awareness training; for FGM awareness training, there is an iHasco e-training unit. Additionally, DSLs will ensure that staff have appropriate training regarding online safety.

4.11   Receiving a disclosure or observing signs of abuse can be very distressing. DSLs will determine arrangements to enable staff to discuss their feelings with a relevant member of staff, if they wish to do so. Any member of staff who is concerned about involvement in child protection/safeguarding issues can discuss the matter with the Headteacher and/or the DSL.

Required training for designated staff:

4.12   When DSLs and Deputy DSLs take up the role, they will undertake enhanced (Level 3) safeguarding training. This must be updated at 2 yearly intervals after that.

4.13   DSLs must also complete the Operation Encompass training related to domestic abuse and Public Protection Notifications (PPN) (see Section 16 Domestic Abuse).

4.14   CLP recognises that DSLs and Deputy DSLs undertake a complex role which may include challenging and distressing situations. For this reason, CLP is committed to ensuring that DSLs and their deputies have access to external, professional supervision to provide opportunities for objective reflection, guidance and support. This is provided to schools on a half-termly basis and DSLs are responsible for ensuring that it is used in a way which best meets their needs and the needs of their wider safeguarding teams.

4.15   The DSLs and Deputy DSLs will undertake training on Prevent Duty by a WRAP (Workshop Raise Awareness of Prevent) accredited trainer as soon as possible after commencing the role. DSLs will then update their knowledge and skills at least annually. A CLP e-training unit is provided for this purpose along with the Government's online Prevent Duty Referrals Course here.

4.16   Given CLP's commitment to safer recruitment (see section 6), the school's senior leadership team (including the DSL) will undertake appropriate safer recruitment training and this will be refreshed at least every three years.

4.17   Designated Teachers for Looked After Children will also undertake appropriate training.

Required training for individuals with a governance responsibility
4.18   All individuals with a governance responsibility are required to complete the safeguarding update e-training unit on induction and every September thereafter (as per para 4.6).

4.19   Within each school, as many governors as possible will complete safer recruitment training which is updated every three years, as a minimum.

4.20   Trustees and Local Governors with a designated responsibility for safeguarding will meet together periodically to discuss the requirements of the role. There is a separate document which sets out in detail the respective roles and responsibilities of governors with respect to safeguarding along with termly governance activity.

5.   Arrangements for Reporting, auditing and external review

5.1   In order that the Trust Board and Local Governors can regularly evaluate the robustness of member schools' practices, regular reporting on safeguarding matters is required. DSLs report on a termly basis using the required template: this is first completed around the end of the autumn term and updated near the end of each term thereafter. All reports are shared with the LGB, CEO and Trustee Appointed for Safeguarding. The CEO in turn reports on a termly basis to the Trust Board.

5.2   Additionally, schools comply with the request from the Pan-Dorset Safeguarding Children Partnership that all schools undertake an annual self-evaluation audit for safeguarding. CLP schools use the template provided by the relevant Local Authority for this purpose. The audit, shared in full with LGBs, is undertaken in each school by the DSL and Appointed Local Governor for Safeguarding and gives rise to an annual action plan. The action plan forms part of reporting to Trustees and LGBs and in-year progress against the action plan priorities is reported to LGBs through the termly report. The completed audit is submitted to the relevant Local Authority for review. Each Local Authority undertakes a monitoring visit, according to each LA's arrangements, which includes a review of this self-evaluation audit. DSLs are not required to provide a termly report in the same term that the audit is undertaken.

5.3   CLP welcomes external review to challenge and test its safeguarding culture, processes and procedures. This is achieved in the following ways:

- All schools submit their annual self-audit to the Local Authority (LA) for review and this forms the basis of LA monitoring visits, according to each LA's schedule;
- Three yearly review by an independent body appointed by CLP's Trust Board on either all or a sample of schools;
- OFSTED and other inspections.

6.   Safer Recruitment and Single Central Record

6.1   CLP schools will undertake recruitment rigorously in line with KCSiE and having full regard to the relevant Partnership policies, especially the Partnership's 'Safer Recruitment Policy'. This policy includes the advice to undertake an online search as part of due diligence of short-listed candidates.

6.2   Schools will ensure that each appointment panel has at least one member trained in safer recruitment techniques. This training will be updated every three years and any changes to government guidance will be reflected in the Safer Recruitment Policy updated annually and communicated to all recruiting managers.

6.3   All applicants will be vetted and their personal details as set out on the application form will be verified and qualifications checked.

6.4   All applicants' criminal records will be fully checked in accordance with the requirements of KCSiE.

6.5   All those individuals across the Trust with a responsibility for governance (Local Governors, Trustees and Members) are subject to Enhanced Criminal Records checks which are recorded and kept current. Schools will also carry out a section 128 check for such individuals because a person subject to one is disqualified from being involved in the management of an educational establishment.

6.6   Through its Single Central Record, schools will maintain a complete and up to date record of all recruitment and vetting checks. Each school will have a designated member of staff who maintains the SCR at school-level. The SCR will be monitored as follows:

   a)   By each school's DSL: at least once per half term, the DSL will check the accuracy of the SCR and record that this monitoring has taken place;
   b)   By a member of the central HR team: the central HR team will undertake monitoring of schools' SCRs on a rotational basis so that each school's SCR will typically be checked in this way at least once a year. Where there are concerns about a school's SCR, it will be monitored more frequently.
   c)   By the school's Appointed Local Governor for Safeguarding: this will be a familiarisation check, at least once per year, as part of that Governors' overall awareness of safeguarding practice and for assurances that the DSL is undertaking the required half termly checks.

6.7   Although the SCR is routinely monitored by the DSL, its accuracy and completeness remains the ultimate responsibility of the Headteacher. The Headteacher will therefore periodically undertake this check directly.

6.8   A similar SCR will be kept and maintained for all relevant staff and volunteers within the central team. This will be monitored by the CEO and checked annually by the Appointed Trustee for Safeguarding.

7.   Onsite security (including managing visitors) and arrangements for authorised off-site visits

7.1   Schools will ensure that robust arrangements are in place to manage visitors on site.   All visitors are required to sign in / out of the school premises.

7.2   Any visitors who are unknown to the school must show ID on arrival.

7.3   Visitors (and staff) are required to wear a coloured lanyard at all times to visually show their level of safeguarding checks. The adopted system is simple and is explicitly explained to all members of the school community (including children, in an age-appropriate way). Our school has adopted the following coloured lanyard system:

   - **BLUE**: Employee
   - **RED**: Checked visitor (these visitors have undergone enhanced safeguarding checks and are recorded on the school's SCR – they do not require direct supervision at school)
   - **YELLOW**: Unchecked visitor (these visitors have not undergone safeguarding checks, are not on the school's SCR and must be supervised at all times. Any visitors wearing this colour lanyard and not accompanied should be challenged by staff and accompanied to the school's front Reception area)

7.4   Centrally-appointed staff will have a CLP-branded recognisable lanyard which will allow them to move around the school as an employee.

7.5   Schools will ensure that security arrangements around the site are robust and determined by an appropriate risk assessment of need.

7.6   Schools will adhere to the requirements of CLP's Educational Visits Policy.

7.7   Staff who organise educational visits, particularly residential visits, must provide a list of those pupils taking part to the DSL to ensure that they are made aware of all essential information relating to the pupils in their care.

8.   Early Help

8.1   School may be the only stable, secure and predictable element in the lives of pupils at risk. It will therefore endeavour to support pupils through:

- The curriculum to encourage self-esteem and self-motivation;
- The school ethos, which promotes a positive, supportive and secure environment and which gives all pupils and adults a sense of being respected and valued;
- The implementation of school behaviour management policies;
- A consistent approach, which recognises and separates the cause of the behaviour from that which the pupil displays;
- Regular liaison with other professionals and agencies who support pupils and their families;
- A commitment to develop productive, supportive relationships with parents;
- The development and support of a responsive and knowledgeable staff group trained to respond appropriately in child protection situations; and
- The provision of effective in-school pastoral interventions and support.

8.2   CLP schools acknowledge that in the course of their duty of care it may be necessary to refer or offer additional welfare support to pupils, mindful of the child's individual circumstances and needs, i.e. cultural, language and learning needs support as appropriate.

8.3   Any child may benefit from early help, but all school staff should be particularly alert to the potential need for early help for a child who:

- is disabled or has certain health conditions and has specific additional needs
- has special educational needs (whether or not they have a statutory Education, Health and Care plan)
- has a mental health need
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines
- is frequently missing/goes missing from education, home or care
- has experienced multiple suspensions, is at risk of being permanently excluded from schools, colleges and in Alternative Provision or a Pupil Referral Unit.
- is at risk of modern slavery, trafficking, sexual and/or criminal exploitation
- is at risk of being radicalised or exploited
- has a parent or carer in custody, or is affected by parental offending
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- is misusing alcohol and other drugs themselves
- is at risk of so-called 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage
- is a privately fostered child.

8.4   Early help should normally be tried first for children with long term difficulties at home e.g. neglect. If there is an incident of abuse, the DSL will discuss that with Children's Social Care.

8.5   Schools within BCP Local Authority participate in the 'Navigator' scheme. The Navigator allocated to the school (according to the LA's determined allocation arrangements) will support the school in the identification and coordination of early help needs.

8.6   CLP schools within Dorset Local Authority can find out about the Local Authority's early help arrangements via the Dorset Safeguarding Children's Board here. Schools within Bournemouth, Poole and Christchurch Local Authority can find early help arrangements here.

8.7   Examples of Early Help support offered at this school include:
Local Authority Early Help worker, School Family Link worker, Homestart, DFM Link worker, Fareshare, Family Nature Heals, Swanage Foodbank, ELSA, Nurture, Forest School, Breakfast Club, Attendance Lead engagement and visits.

9.   Looked After Children

9.1   The most common reason for children becoming looked after is as a result of abuse and/or neglect. CLP schools will ensure that staff have the skills, knowledge and understanding to keep looked after children safe. In addition, a previously looked after child remains potentially vulnerable and all staff should have the skills, knowledge and understanding to keep previously looked after children safe.

9.2   Each CLP school will appoint a Designated Teacher to promote the educational achievement of children who are looked after/in care and to work closely with the Local Authority's Virtual School to discuss how pupil premium plus additional funding can support the achievement of these children.

9.3   The Designated Teacher will ensure that appropriate staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility. They should also have information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her. The DSL will ensure that the designated teacher has details of the child's social worker and the name of the virtual school head in the authority that looks after the child.

9.4   Previously looked after children will also fall within the remit of the Designated Teacher.

9.5   When dealing with looked after children and previously looked after children, it is important that all agencies work together (including the relevant Local Authority's (LA's) 'Virtual School' and post adoption support from Aspire or equivalent) and prompt action is taken on concerns to safeguard these children, who are a particularly vulnerable group.

10.   Children with a Social Worker

10.1   Children may need a social worker due to safeguarding or welfare needs. Children may need this help due to abuse, neglect and complex family circumstances. Local authorities should share the fact a child has a social worker, and the DSL will hold and use this information so that decisions can be made in the best interests of the child. This is considered a matter of routine within safeguarding arrangements.

11.   What is child abuse?

11.1   There are four main forms of abuse which are: physical abuse, emotional abuse, sexual abuse and neglect. These are described in Annex A of KCSiE.

11.2   It is accepted that in all forms of abuse there are elements of emotional abuse, and that some children are subjected to more than one form of abuse at any one time. In most cases multiple issues will overlap with one another. Abuse can also include witnessing the ill treatment of others (for example, witnessing domestic abuse).

11.3   Everyone in school will be aware of the indicators of abuse and neglect and, if they have any concerns about a child's welfare, they should act on them immediately.

11.4 Abuse or neglect of children could be noticed by any school-based member of staff or volunteer as well as external professionals working with the child. It is therefore essential that all those whose work brings them into contact with children and their families know the signs of child abuse and are aware of the procedures that they must follow to safeguard the child. They must also be aware that they have a statutory responsibility to report any signs of abuse.

11.5 The dangers to children as a whole from criminal and sexual exploitation (including "County Lines"), radicalisation, forced marriage and FGM have been highlighted in recent years to add to the host of physical and mental dangers of abuse to which vulnerable children have always been subjected.

11.6 Staff must err on the side of caution and report any concerns. Local guidance related to Child Exploitation (criminal including 'County Lines' and sexual exploitation) can be found here.

11.7 All staff will be familiar with signs and indicators of abuse and neglect through their training. These indicators are provided in KCSiE. Staff should record signs carefully and discuss them with the DSL.

12. Child on Child Abuse (including sexual harassment and sexual violence)

12.1 KCSiE part 5 deals with child-on-child sexual harassment, abuse and violence. Staff are very aware of these issues and will consult this detailed guidance if and when dealing with such an incident.

12.2 All child-on-child abuse and sexual harassment is unacceptable and will be taken seriously: all staff working with children are required to maintain an attitude of 'it could happen here'. Whatever the response to incidents of harassment between children, it should be underpinned by the principle that sexual violence and harassment is never acceptable and will not be tolerated. This attitude must permeate the whole school culture.

12.3 Any concerns about inappropriate behaviour or comments or incidents must be reported promptly to the DSL. Staff must not dismiss worrying behaviour as "normal" (e.g. 'just banter') and are sensitive to language used between peers. This includes such abuse and harassment undertaken online.

12.4 The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. As always when concerned about the welfare of a child, all staff should act in the best interests of the child. Immediate consideration should be given as to how best to support and protect the victim and the alleged perpetrator. The nature of the concerns will determine whether the DSL involves MASH and/or the police.

12.5 All concerns, discussions, decisions and reasons for decisions are recorded and rationalised.

12.6 Where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis. The risk assessment following a report of sexual harassment or violence should consider: the victim, especially their protection and support; whether there may have been other victims; the alleged perpetrator(s); all the other children, (and, if appropriate, adult students and staff) at the school or college, especially any actions that are appropriate to protect them from the alleged perpetrator(s), or from future harms, and the time and location of the incident, and any action required to make the location safer. Consider should also be given to support for siblings following incidents.

12.7 The fact that a child may be lesbian, gay, bi, or trans (LGBT) is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

12.8 Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. Staff therefore endeavour to reduce the additional barriers faced, and provide a safe space for them to speak out or share their concerns.

13. Female Genital Mutilation (FGM)

13.1 The guidance *Multi-agency Statutory Guidance on Female Genital Mutilation* was published in April 2016 to ensure teachers abide by their statutory duty to safeguard pupils at risk of so-called "honour-based" violence, including female genital mutilation and forced marriage.

13.2 All teachers (including qualified teachers and persons employed or engaged to carry out teaching work) must report any cases of known FGM to the police, as their mandatory duty; they are also expected to report cases of girls they believe are at risk of undergoing the procedure as prevention is critical. If schools suspect that there is a risk that FGM may be going to take place, this should be discussed with MASH/CHAD.

13.3 The Equalities Office has produced a fact sheet outlining different types of FGM including long-term effects and signs to look out for which indicate that a girl may have recently undergone the procedure.

13.4 See also Home Office guidance on violence against women and girls.

14. Forced Marriage

14.1 Forcing someone to marry against their will is a criminal offence. Legislation also makes forcing a UK national into marriage outside the UK an offence under domestic law.

14.2 The government's Forced Marriages Unit has published guidelines for those working in education, health and social services. The guidelines point out that teachers are often ideally placed to spot early signs that a pupil may be about to be forced into marriage. These guidelines include warning signals. All staff will create an environment in which pupils feel able to talk about any concerns.

15. 'Honour-based' abuse (HBA)

15.1 HBA is a crime or incident which has or may have been committed to protect or defend the honour of the family and/or community. It does not have to be violent to be abusive. It can exist in all communities and cultures and occurs when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code. Females are predominantly, but not exclusively, the victims and the violence is often committed with some degree of approval and/or collusion from family or community members. Staff who have a concern that a child is at risk from HBA should speak to their Designated Safeguarding Lead.

16. Domestic Abuse

16.1 Domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. A child who sees, hears or experiences the effects of domestic abuse and is related to or under the parental responsibility of the person being abused, or the perpetrator, is regarded as a victim of domestic abuse.

16.2 Schools receive information from the police to alert the DSL when there has been an incident of domestic abuse in a household where a pupil lives that they have been called to. In order to ensure that DSLs receive such information in a timely manner, CLP schools participate in the Operation Encompass scheme.

16.3 Where an alert is received, schools will monitor the children and provide support where required. Such an alert will prompt the school to review the child's level of need within My Concern. If schools have additional concerns, these will be discussed with Social Care. This information would only be shared with

other staff on a restricted need to know basis i.e. those who are immediately responsible for the pupil's welfare**.**

16.4   Where a Multi-Agency Risk Assessment Conference (MARAC) occurs, schools may be asked for information and appropriate school-related information may be shared after the meeting.

17.   Child Exploitation including County Lines

17.1   Both Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE) are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

17.2   CSE can occur over time or be a one-off occurrence, and may happen without the child's immediate knowledge e.g. through others sharing videos or images of them on social media. CSE can affect any child who has been coerced into engaging in sexual activities. Some children may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship. Further guidance can be obtained from 'Child Sexual Exploitation Definition and a guide for practitioners, local leaders and decision makers working to protect children from child sexual exploitation' can be useful when considering cases of CSE [here](#).

17.3   Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing. Children can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others. Children can become trapped by this type of exploitation as perpetrators can threaten victims (and their families) with violence, or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others.

17.4   Further information about CSE, CCE and County Lines can be found in KCSiE Annex B.

17.5   All staff are aware of indicators which may signal that children are at risk from, or are involved in, serious violent crime including being used in the sale and transport of drugs 'County Lines'.

17.6   If schools are concerned a child is being exploited in this way, procedures set out in this document will be followed and reference will be made to [local guidance provided by the PAN Dorset Safeguarding Partnership](#).

18.   Radicalisation

18.1   Schools will have due regard to the need to prevent people from being drawn into terrorism.

18.2   Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk is part of a school's wider safeguarding approach. CLP seeks to build pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views.

18.3   As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Concerns should be shared with the DSL.

18.4   Each of CLP's schools has a Prevent risk assessment which is updated annually and which specifies the risks local to the school.

18.5 If a school is concerned that a child may be at risk in this regard, the Pan Dorset Safeguarding Children's Partnership's guidance on Prevent will be followed. It may be that concerns are sufficient to require a Prevent referral. Prevent referrals may be passed to a multi-agency Channel panel (Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism).

18.6 All CLP schools have clearly described and rehearsed lock down arrangements.

19. Identifying the Behaviours of a sexual abuse perpetrator

19.1 It is important that all staff are aware of the signs to look out for in identifying someone who may be sexually abusing or exploiting a child. This person could be a parent, volunteer, staff member or another child.

19.2 Behaviours may include:

- Overly exaggerated behaviours;
- Overly generous;
- Always isolating a child;
- Favouring certain looks (e.g. blonde girls or dark hair boys);
- Ready excuses when behaviour is challenged;
- Distort the power of secrets;
- Targeting the vulnerable;
- Lap sitting;
- Romping and wrestling;
- Taking certain children on exciting trips; and
- Tickling games.

19.3 Abusers may also groom the parent or carer of a child in order to build trust, which can be over many years. Abusers are patient, often very plausible and charming individuals and the least likely person you would expect. They may have an air of authority, with a high opinion of themselves and boast about their "great works".

19.4 If a member of staff feels uncomfortable about the way an adult relates to children or suspects that somebody may be an abuser, they should inform the DSL immediately. It is also useful to write down any and all such behaviours in order to have a written record.

20. Concerns that a child is being abused

20.1 CLP schools have the role of recognising and responding to potential indicators of abuse and neglect. All other action should be taken by those with statutory powers to help the child. Early contact and close liaison with such agencies is therefore regarded as essential by CLP schools.

20.2 Any suspicion or concern that a child or young person may be suffering or at risk of suffering significant harm MUST be acted on. Doing nothing is not an option. Any suspicion or concerns will be reported without delay to the DSL or Deputy DSL. During term time, the DSL and/or a Deputy DSL should always be available (during school hours) for staff to discuss any safeguarding concerns.

20.3 The DSL will determine whether the matter should be referred or discussed with Children's Social Care. Where a child is suffering, or is likely to suffer, from harm, a referral to Social Care (and, if appropriate, the Police) must be made immediately following local referral processes. The school can contact the Police if it is an urgent criminal matter. Social Care will discuss appropriate cases with the Police who lead any criminal investigation. The DSL will liaise with the Headteacher to inform him/her of any issues.

20.4   The school will receive information from other schools (such as previous schools a pupil has attended), parents, the local authority and various other sources. Where it is thought that the local authority is not aware of the case, it will be informed.

21.   Allegations of Abuse Against Staff (including Transferrable Risk)

21.1   All staff should have an awareness of safer working practices which minimise the risk of allegations being made against them. Such safer working practices are informed by latest guidance here. In addition, the NSPCC has published safer working practice guidance with respect to supervising children getting changed at school here.

21.2   CLP schools must follow CLP's Procedural Policy for Dealing with Allegations of Abuse (of a child) Against a Member of Staff which is based on KCSiE part 4. This includes allegations against supply staff and volunteers. This Managing Allegations policy recognises that some allegations relate to behaviour which meets the 'harms threshold' whilst others do not but still require consideration as 'low level concerns': the policy provides a procedure for both.

21.3   Part 4 of KCSiE recognises that an individual's behaviour outside of school might make them unsuitable to work with children. This is known as transferable risk and is also covered within CLP's Managing Allegations policy.

21.4   CLP's Procedural Policy for Dealing with Allegations of Abuse (of a child) Against a Member of Staff sets out the role that external agencies take in such situations, especially that of the Local Authority Designated Officer (LADO) who should be consulted early.

22.   Immediate Response to the Pupil who discloses abuse

22.1   Children may not feel ready or know how to tell someone that they are being abused or neglected. They may not recognise their experiences as harmful and may feel embarrassed or humiliated. This must not prevent staff from maintaining their professional curiosity and speaking to the DSL if they have concerns.

22.2   Staff must also determine how best to build trusted relationships with children which facilitate communication.

22.3   If a child does disclose abuse, it is vital that any staff actions do not add further to the child's distress or prejudice further enquiries. Staff will:

- Listen to the pupil and will try not to show shock by what is being said;
- Not ask a pupil to remove or adjust their clothing to observe bruises or other injuries – it is only acceptable to observe such things on show;
- Allow the pupil to set a pace if a disclosure is made. Avoid pressing pupils for details or leading the child (for example, avoid closed questions such as: "what did they do next?" or "where did they touch you?").
- It is the staff role to listen, not to investigate. Staff will use open prompts such as "yes", "mmm". It can be helpful to use TED as a way of remembering appropriate open questions: "Tell me; Explain; Describe".
- Accept what the pupil says and be careful not to burden them with guilt by asking questions such as "why didn't you tell me before?";
- Acknowledge how hard it was for the pupil to tell them;
- Not criticise the perpetrator - this may be someone they love; and
- Not promise confidentiality, but will reassure the pupil that they have done the right thing and will explain in an age-appropriate way whom they will have to tell (the DSL) and why. Staff will not make promises that they cannot keep, such as "I'll stay with you all the time" or "it will be alright now".

22.4 CLP schools recognise the importance of listening to pupils at all times, particularly when they are distressed, worried or concerned. It is appreciated that at times pupils may feel stressed and confused. The school will identify quiet areas and provide the opportunity for pupils to take respite from the normal day when necessary.

22.5 All staff will be made aware that pupils who are not known to be the subjects of concern may, however, be experiencing ill treatment, neglect or abuse. This means that staff should be aware of the need for sensitivity when dealing with pupils at all times.

22.6 Schools recognise that pupils who are distressed through experiences outside the classroom may be less able to achieve their potential. While it is clear that such pupils need firm boundaries, staff must take into account the pupil's distress when managing behaviour.

22.7 If a pupil confides in a member of staff and requests that the information is kept secret, it is important that the member of staff tells the pupil sensitively that he/she has a responsibility to refer the matter to the DSL for their own sake. At the same time, the pupil should be reassured that the matter will be only be disclosed to the DSL, who will then decide on appropriate action. This includes concerns about any pupil under the Prevent Duty.

23.   Making a referral to Social Care

23.1 Suspicion or concern will be reported without delay to the DSL or Deputy DSL who will consider if a referral to Social Care may be required. If for whatever reason the DSL/Deputy DSL is not available, the staff member will discuss their concerns as soon as possible with either;

- Another senior member of staff or
- The duty worker in the Multi-Agency Safeguarding Hub or Children's Advice and Duty Service

Anyone can make a referral to social care if required – it does not have to be the DSL or Deputy DSL if they are unavailable.

23.2 It is essential when considering a referral to Social Care to look at the Pan-Dorset continuum of need which can help determine what level of intervention will be helpful. The Pan-Dorset continuum of need is also the CLP agreed 'level of need' as used in MyConcern.

23.3 To make a social care referral, BCP schools should do so via Multi-Agency Safeguarding Hub (MASH). In BCP, MASH and the Early Help Team work together under the 'Children's Services First Response Hub' which is the first point of contact for schools. Dorset Council schools make a social care referral via the Children's Advice and Duty Service (CHAD).

23.4 If a child is in immediate danger or is at risk of harm, a referral should be made to children's social care (MASH or CHAD) and/or the police immediately. Contact information can be found on the Pan-Dorset Safeguarding Partnership website here or from Appendix B of this policy.

23.5 It is important that everyone is aware that the person who first encounters a case of alleged or suspected abuse is not responsible for making a judgement about whether or not abuse has occurred and should not conduct an 'investigation' to establish whether the child is telling the truth. That is a task for social workers and the Police following a referral to them of concern about a child. The role of school staff is to act promptly on the information received.

23.6 This applies regardless of the alleged 'perpetrator': whether the child talks about a family member or someone outside school, a member of staff or another child/pupil.

23.7 A careful record will be made of what has been seen/heard that has led to the concerns and the date, time, location and people who were present. As far as possible, staff should record verbatim what was said and by whom.

23.8 The DSL will keep a record of the conversation with the duty worker and other social workers, noting what actions will be taken and by whom, giving the date and time of the referral. The referral will be confirmed in writing on the inter-agency referral form (available on the Pan-Dorset Safeguarding Children Partnership website) as soon as possible and at least within 48 hours. Any pre-existing assessments such as through the Common Assessment Framework/Poole Early Help Assessment (PEHA) should be attached.

23.9 The General Data Protection Regulation requires the diligent retention and upkeep of data processing records. Safeguarding data will be logged in a consistent and auditable manner in accordance with the regulations.

23.10 All referrals to Social Care via MASH/CHAD must be followed up within 24 hours in writing using the appropriate pro-forma as required by those organisations.

24. Response from Social Care to a school referral

24.1 Once a referral is received by MASH/CHAD, a manager will decide on the next course of action. When there is concern that a child is suffering, or likely to suffer significant harm, this will be decided more quickly and a strategy discussion held with the Police and Health professionals (section 47 Children Act 1989).

24.2 The DSL should be told within three working days of the outcome of the referral. If this does not happen s/he will contact the duty worker again. If s/he disagrees with the decisions made by social workers or the outcome of the referral, the matter can be raised under the escalation policy (available on the Pan-Dorset Safeguarding Children Partnership website), particularly if the child's situation does not appear to be improving.

25. Responding to concerns reported by parents or others in the community

25.1 Occasionally parents or other people in the local community tell school staff about an incident or accumulation of concerns they have about the family life of a child who is also a pupil at the school.

25.2 If the incident or concern relates to child protection, the information cannot be ignored, even if there are suspicions about the motives for making the report. Members of staff will therefore pass the information to the DSL in the usual way.

25.3 It is preferable if the parent / community member who witnessed or knows about the concerns or incident makes a call to Family Support (Social Care) themselves as they will be better able to answer any questions. They can ask for their name not to be divulged if a visit is made to the family. The DSL will advise accordingly and later confirm that this referral has been made.

25.4 If the parent / community member refuses to make the referral, the DSL will clarify that s/he has a responsibility to do so and will also need to pass on to social workers how s/he is aware of the information.

25.5 This process also applies to parents / community members who are also school staff. As professionals who work with children, they cannot be anonymous when making the referral but can ask for the situation to be managed sensitively and, if necessary, for their identity to be withheld from the family if it will cause difficulties in their private life.

26. Recording and Storing Information (including the use of MyConcern)

26.1 When experiencing a disclosure from a pupil, staff will:

- Make brief notes at the time or immediately afterwards, including in relation to any bruises/injuries. Record the date, time, place and context of the disclosure or concern, recording facts and not making assumptions and offering their own interpretation. Notes must be signed and dated;
- Note the non-verbal behaviour and the key words in the language used by the pupil (do not translate into "proper terms");
- Keep these original notes and pass them to the DSL.
- Ensure that the concern is appropriately logged onto My Concern at the earliest opportunity;
- When recording a new concern in My Concern, staff will follow the guidance provided at appendix D (*'How to report a safeguarding concern using My Concern'*).

26.2   All schools in Coastal Learning Partnership use My Concern to maintain an online safeguarding file for all pupils where concerns have been raised. Schools will adhere to CLP's guidance regarding how My Concern should be used. This can be found on the intranet here and is entitled 'Strengthening safeguarding case management through effective and consistent use of 'My Concern'.

26.3   All child protection documents will be retained on MyConcern which securely stores the child protection records and is only accessible to the DSL and deputy DSLs plus others where deemed necessary.

26.4   Concerns recorded in MyConcern will include: a clear and comprehensive summary of the concern; details of how the concern was followed up and resolved; a note of any action taken, decisions reached and the outcome.

26.5   On transfer, these records will be transferred via MyConcern or printed from MyConcern and hand delivered to the receiving setting who will be required to sign for them. Where records are transferred out of area and cannot be hand delivered, they will be sent by recorded delivery.

26.6   Staff are reminded that they should also keep records related to any 'compensatory care' that they might be offering a child. This refers to those occasions when a school makes provision for some aspect lacking in the child's parenting for example, proving breakfast or additional food or spare clothes. Such things should be recorded so as to not risk 'masking' any safeguarding concerns related to the family.

27.   Child Protection Conferences and Core Group Meetings

27.1   Schools will determine appropriate procedures for attending and contributing to child protection conferences and 'core group' meetings.

27.2   A member of staff may be required to attend a child protection conference and this will usually be the DSL or a Deputy DSL. The DSL will prepare a report to present to the case conference at the start of the meeting. The Chair will gather all information and assess the risks. Attendance may be similarly required at other meetings including Child in Need (CIN), Team Around the Child (TAC) and Team Around the Family (TAF).

27.3   If a child's name is placed on a child protection plan, a core group will be agreed in accordance with the local authority procedures. All core group members will meet regularly (at least monthly), to monitor and progress the child protection plan and core assessment. Schools will give priority to attendance at these meetings.

28.   Online and IT safety

28.1   The CLP IT and Communications Systems Policy sets out in detail how pupils are kept safe online. That policy sets out CLP's arrangements for appropriate filtering and monitoring of IT systems, including how CLP schools meet the requirements of the DfE's digital and technology standards published online here.

28.2 The IT and Communications Policy includes all other relevant IT safeguarding information and procedures including online safety in the curriculum, use of social media, use of mobile devices, remote learning, appropriate use agreements and misinformation and disinformation as safeguarding risks.

28.3 Schools will appoint a designated member of staff as Online Safety Champion who will work closely with the DSL to ensure that online safety arrangements are contributing effectively to overall safeguarding arrangements in school.

28.4 In respect of responsibilities under the Prevent Duty, schools will have suitable internet filtering in place to keep children safe from extremist and terrorist materials.

29. Photography and Images

29.1 The CLP IT and Communications Systems policy covers the use of cameras and images.

29.2 The vast majority of people who take or view photographs or videos of children do so for entirely innocent, understandable and acceptable reasons. Sadly, some people abuse children through taking or using images, so it is essential that some safeguards are in place. To protect children, and in keeping with safer working practices, CLP schools will:

- Seek consent for photographs to be taken or published (for example for schools' newsletters or websites)
- Use only the child's first name with an image
- Ensure that children are appropriately dressed
- Encourage children to tell us if they are worried about any photographs that are taken of them
- Never take images of a child's injury, bruising or similar (e.g. following a disclosure of abuse) even if requested by children's social care

29.3 At school gatherings where parents are likely to be taking photos, parents are reminded of their personal responsibilities for safeguarding: they are reminded that photos are for personal use and should not be posted on social media sites and certainly not without the permission of the parent of every child featured within the image.

30. Safeguarding in the Curriculum

30.1 Schools have a clear set of values and standards which are upheld and demonstrated throughout all aspects of school life. These are underpinned by the behaviour policy and pastoral support systems as well as by planned programmes of Relationships and Sex Education and Personal, Social and Health Education delivered in regularly timetabled lessons and reinforced throughout the whole curriculum. Schools' curricula are fully inclusive and developed to be age and stage of development appropriate (especially when considering the needs of children with SEND and other vulnerabilities).

30.2 Schools ensure that their curriculum explicitly equips pupils for life in modern Britain and creates opportunities to teach children about safeguarding and how to keep themselves safe, including when online.

30.3 Schools' curricula include tackling at an age-appropriate stage issues such as:

- Healthy and respectful relationships
- Boundaries and consent
- Stereotyping, prejudice and equality
- Body confidence and self-esteem
- How to recognise an abusive relationship, including coercive and controlling behaviour
- The concepts of sexual consent and harassment.

The following summarises where safeguarding features in this school's curriculum:

All pupils learn about healthy relationships throughout the curriculum but particularly during PSHE and SRE lessons, which are taught using the SCARF curriculum (SCARF = Safety, Caring, Achievement, Resilience, Friendship). This is delivered age appropriately and in line with guidance.

Escapeline support Year 5 and 6 pupils in staying safe in the local community.

Online safety is taught to all pupils by school staff and sometimes by outside agencies such as The Safer Schools Team

31. Confidentiality and Information sharing (including Operation Encompass)

31.1 CLP's approach to information sharing within the context of safeguarding is informed by the DfE, Information Sharing Advice for practitioners providing safeguarding services for children, young people, parents and carers.

31.2 Staff taking a disclosure from a pupil should never promise confidentiality because it will be in the best interest of the child to seek advice and guidance from others in order to provide support and engage appropriate agencies. The school will only engage staff and agencies who are required to support the children involved and/or be involved in any investigation.

31.3 If the DSL (or a deputy) decides to make a referral to social care even though the child is asking that this does not happen, this will be handled extremely carefully and the reasons why this is necessary will be explained in an age-appropriate way.

31.4 CLP recognises that it is essential to establish positive and effective working relationships with other agencies, especially those that are partners of the Pan Dorset Safeguarding Children Partnership. There is a joint responsibility on all these agencies to share information to ensure the safeguarding of all children and work together to secure positive outcomes.

31.5 The Data Protection Act 2018 and GDPR do not prevent the sharing of information to keep children safe. Fears about sharing information must not stand in the way of safeguarding.

31.6 Staff have the professional responsibility to share relevant information about the protection of pupils with other professionals, particularly investigating agencies, under the guidance of the DSL. This includes sharing information about possible radicalisation. Staff who receive the information about children and families in the course of their work must pass this on to the DSL

31.7 Information can be shared without the consent of the parents if there is good reason to do so and where information sharing will enhance the safeguarding of a child in a timely manner. It is legitimate to share information without consent where: it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent and if to gain consent would place a child at risk.

31.8 Data disclosed and processed on any safeguarding topic will be handled with the utmost sensitivity and confidentiality and in accordance with the terms of the General Data Protection Regulation (GDPR). Schools will ensure that data is held for a specified period in a secure manner according to the requirements of the CLP Data Protection Policy. The importance of diligent data security is stressed to staff and they will receive appropriate training to ensure the risk of breach is minimised.

31.9 All records relating to child protection/safeguarding incidents will be maintained by the DSL, under the guidance of the Data Protection Manager and only shared as is consistent with the law relating to the protection of children.

31.10 All CLP schools have agreed to be part of Operation Encompass. This is a police and education early intervention safeguarding partnership which supports children and young people who experience Domestic Abuse. Operation Encompass means that the police will share information about domestic abuse incidents with our schools prior to the start of the next school day when they have been called to a domestic

incident. Staff and parents are fully aware that schools are part of Operation Encompass. We are aware that we must do nothing that puts the child/ren or the non-abusing adult at risk.

31.11 The Operation Encompass information is received by schools as a Public Protection Notice (PPN). The PPN will be stored securely via MyConcern just as with any other safeguarding information.

31.12 All CLP schools within the county of Dorset will sign the Dorset Information Sharing Charter (DiSC) which aims to provide a robust foundation for the lawful, secure and confidential sharing of personal information. Further information about the DiSC can be found here.

31.13 It is acknowledged that the loss of sensitive child data could constitute a serious breach which could place the wellbeing of a pupil at risk. Should a breach occur, this must be reported promptly to the Partnership's Data Protection Officer, who will undertake an assessment of the risks to the rights and freedoms of individuals and disclose to the subject and supervisory authority if required.

32.   Private Fostering – Local Authority notification

32.1   Private fostering occurs when a child under the age of 16 (under 18, if disabled) is provided with care and accommodation by a person who is not a parent, person with parental responsibility for them or a close relative in their own home for 28 days or more. Such arrangements may come to the attention of school staff through the normal course of their interaction, and promotion of learning activities, with children. Where a member of staff or volunteer identifies that a private fostering arrangement is planned, or is in place, this will be raised with the DSL who will in turn notify the local authority to allow the local authority to check the arrangement is suitable and safe for the child.

33.   Action to be Taken When a Pupil Transfers to Another School

33.1   In the event of a pupil who is being dealt with under CLP's safeguarding procedures transferring to another school, the school will:

- Inform the local authority if the child is or has been open to Social Care;
- Find out the name of the receiving school and contact the relevant member of staff at that school to discuss the transfer;
- Once the pupil is on roll at the new school, send all information relating to the pupil to the receiving school in an agreed and secure manner which limits the risk of sensitive data transfer breach;
- Require signed confirmation that the information has been received by the receiving school (or MyConcern record that a transfer has been received);
- Check with the receiving school that the pupil has actually arrived there on the expected day; and
- Inform all relevant agencies of the transfer.

34.   Mental Health

34.1   CLP Schools recognise their important role to play in supporting the mental health and wellbeing of their pupils

34.2   All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered, or is at risk of suffering, abuse, neglect or exploitation. Staff who have a mental health concern about a child that is also a safeguarding concern, should follow the reporting chain that is described in this policy.

34.3   This school's work to support pupils' strong mental health is summarised here:

ELSA, Forest School, Nurture Provision, Whole School Approach to Mental Health, SCARF curriculum with wellbeing focused collection worship sessions, CAMHS, KORU, Relate and Mosaic.

35.   Using reasonable force

35.1   CLP's 'Partnership-wide Policy for Behaviour Principles, Reasonable Force and Exclusions' includes the power to use reasonable force and this is also reflected in each school's individual behaviour policy including the circumstances in which force might be used. Any such incidents involving the use of reasonable force are recorded by the school and are reported to parents. Given the additional vulnerability of the group, due regard will be paid to the use of reasonable force on pupils who have special educational needs or disabilities and those with emotional and behavioural difficulties.

35.2   'Reasonable' means no more force than is warranted and only in situations where it is required. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom.

35.3   CLP recognises that all school staff have a legal power to use reasonable force in relevant situations such as to prevent pupils committing an offence, injuring themselves or others, or damaging property, to conduct a search and to maintain good order and discipline in the classroom. However, the primary aim in all schools is to consistently promote a positive culture and ethos. School staff will use de-escalation techniques and alternative strategies specific to the individual needs of children. Reasonable force would only ever be used in strict accordance with the legislative framework. Further details can be found in the government guidance 'Reducing the Need for Restraint and Restrictive Intervention' (June 2019) and in DfE publication 'Use of reasonable force: Advice for Headteachers, Staff and Governing Bodies' (July 2013).

35.4   To safeguard a pupil and others, it may be necessary to use restraint and yet restraint is likely to impact on the well-being of the child and therefore CLP staff will consider the risks carefully. All records of restraint that are recorded in a bound book should be shared with and signed off by the safeguarding governor.

35.5   A separate policy exists to describe physical contact in pre-school setting.

36.   Pupil attendance

36.1   The safeguarding risks associated with low attendance at school are highlighted in the Pupil Attendance Policy. Schools therefore work with families to overcome barriers to strong attendance.

36.2   School provides a protective environment for those who attend and are well placed to identify safeguarding issues early. Regular attendance is vital for this. Where a pupil's unauthorised absence continue to decline, despite appropriate support and provision in place, it may well constitute neglect.

36.3   Schools will be especially conscious of any potential safeguarding issues in these cases and, where these exist, ensure that the appropriate referral is made to Children's Social Care.

36.4   When a pupil is absent and no reason has been given for the absence, the school will prioritise the safety of these pupils.

37.   Alternative Provision

37.1   On some occasions, schools may choose to use Alterative Provision (AP) providers in order to meet pupils' needs fully. In such circumstances, the school will continue to be responsible for the safeguarding needs for that pupil. The school's Headteacher will satisfy him/herself that the placement meets the pupil's needs and is robust in terms of its own safeguarding arrangements.

37.2 The school will obtain written confirmation from the AP provider that appropriate safeguarding checks have been carried out on all individuals working at the provision (i.e. those checks that the school would otherwise perform in respect of its own staff).

37.3 There is separate CLP guidance / risk assessment for schools to use in their evaluation of appropriateness of AP provision; schools will in any case only use AP provision that is endorsed by the relevant Local Authority.

37.4 Through these measures, schools will be meeting their obligations as described in KCSE paragraphs 168 – 171 and expanded upon more fully in [Arranging Alternative Provision, A Guide for Local Authorities and Schools](#).

38. Missing Pupils

38.1 Definition: A pupil will be considered missing if members of staff do not know where they are.

CLP schools will place all pupils on an admission register and attendance register, as required by the *Education (Pupil Registration) (England) Regulations 2006*

38.2 Schools will inform the local authority if a pupil is going to be deleted from the admission register as soon as the criteria for deletion is met. This ensures that local authorities are able to follow up any child who may be in danger of not receiving an education and who may be at risk of abuse or neglect.

38.3 Criteria for deletion from the admission register:

- The pupil has been taken out of school by their parents and are being educated outside the school system, e.g. home education;
- The pupil has ceased to attend school and no longer lives within reasonable distance of the school at which they are registered;
- The pupil has been certified by the school medical officer as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age, and neither he/she nor his/her parent has indicated the intention to continue to attend the school after ceasing to be of compulsory school age;
- The pupil is in custody for a period of more than four months due to a final court order and the Headteacher does not reasonably believe they will be returning to the school at the end of that period; or,
- The pupil has been permanently excluded.

38.4 Schools will take the attendance register at the start of the first session of each school day and once during the second session of each school day. It will be recorded whether every pupil is:

- Present;
- Attending an approved educational activity;
- Absent; or
- Unable to attend due to exceptional circumstances.

38.5 Schools will follow up all absences in order to:

- Ascertain the reason for absences;
- Ensure the correct safeguarding action is taken;
- Identify whether the absence is approved or not; and
- Identify the correct code for the school's electronic register.

38.6 Schools will follow the procedures set out in the CLP Pupil Attendance Policy: Parents, carers and guardians must be made aware of the requirements of this policy.

38.7 In the event of a pupil going missing, staff will follow the procedure set out below. The aim of the procedure is to locate the pupil as soon as possible and ensure that the correct people and agencies are informed.

38.8 When a member of staff identifies a pupil as missing, they will ask other pupils in the class if they are aware of their last known whereabouts. With this knowledge, they will alert senior management who will instruct all available staff to search the immediate school premises, paying particular attention to their last known whereabouts. If possible, staff will keep a mobile phone on them whilst searching in case of emergencies or in case the pupil is found.

38.9 If the pupil is not found after a search of the immediate school premises, all available staff will search the wider school premises, including the school grounds. Once the search of the wider school premises is completed and, if the pupil has still not been found, all available staff will search the immediate local community, without putting themselves at risk. This search will include following possible routes to the missing pupils' home as well as parks and other communal areas nearby.

38.10 Whilst this search is under way, the police will be called by the school to assist in the search. When the police arrive at the school, responsibility of the search is passed onto them, but staff will continue to assist in providing information and helping as necessary. Following the contact with the police the parent/carer of the missing pupil will be contacted informing them that the police have been alerted, and will be advised to ensure that somebody is at home in case the pupil comes back. The parent/carer will be strongly encouraged to contact family and friends outside of the school.

39. Elective Home Education

39.1 Whilst Elective Home Education (EHE) may be a positive experience for some children, it can also expose children to harm by making them less visible to the services that exist to keep them safe.

39.2 Parents who wish to home educate must put their notification in writing to their child's school. Schools will immediately alert the Local Authority in line with local protocols. From September 2016, the Education (Pupil Registration) (England) Regulations 2006 were amended so that schools must inform their LA of all deletions from their admission register when a child is taken off roll.

39.3 DfE guidance setting out the Local Authority's role with respect to EHE can be found here.

40. Hiring of school facilities / premises

40.1 The separate Lettings Policy sets out how schools will continue to ensure that children are safe, even when school premises/facilities are being used by organisations/individuals who are not staff members.

40.2 Principally, that policy requires such individuals/organisations to adhere to the DfE's guidance 'Keeping children safe in out-of-school settings'. In the event of a safeguarding incident, schools will follow their own safeguarding policy, including informing the Local Authority Designated Officer (LADO).

40.3 Securing appropriate safeguarding arrangements and following this guidance is a condition of using/hiring school premises/facilities and failure to comply with this will lead to termination of the agreement.

Appendix A: Important Contact Information:

Contact details to report a concern about a child

These can be found on the Pan-Dorset Safeguarding Children Website here. Main numbers snipped below:

Bournemouth, Christchurch & Poole – Children's First Response Hub:	01202 123334 childrensfirstresponse@bcpcouncil.gov.uk
Dorset - Children's Advice and Duty Service (ChAD) Professionals Number: This is a professionals-only number to discuss your concerns, you will no longer complete a referral form.	01305 228558
Dorset Families and Members of the Public:	01202 228866

Appendix B: Child Protection Summary for All Visiting Professionals and Volunteers

Welcome to **{INSERT NAME OF SCHOOL}**

At our school, the safeguarding of all pupils is always a priority. All visitors to our school are expected to follow the Child Protection Policy, the key aspects of which are detailed below. We thank you for your co-operation.

As an adult working directly with children in this school you have a duty of care towards all pupils. This means you must act at all times in a way that is consistent with their safety and welfare.

It is your responsibility to keep your child protection training up to date; you might be asked for evidence of this.

You must follow the principles of safer working practice, which include use of technology – on no account should you contact or take images of pupils on personal equipment, including your mobile phone.

If the behaviour of another adult in the school gives rise to concern you must report it to the Headteacher or Designated Safeguarding Lead.

If you have a concern about a child, particularly if you think s/he may be suffering or at risk of suffering harm, it is your responsibility to share the information promptly with the Designated Safeguarding Lead (DSL) or the Deputy/ies who are:

(INSERT HERE THE NAMES OF DSL AND DEPUTY/IES)

The following is not an exhaustive list but you might become concerned as a result of:

Seeing a physical injury which you believe to be non-accidental
Observing something in the appearance of a pupil which leads you to think his/her needs are being neglected
A pupil telling you that s/he has been subjected to some form of abuse

In any of these circumstances you must write down what you observed or heard, date and sign the account and give it to the DSL or a Deputy.

If a pupil talks to you about (discloses) sexual or physical abuse you:

Listen carefully without interruption, particularly if s/he is freely recalling significant events
Only ask sufficient questions to clarify what you have heard. You might not need to ask anything but, if you do, you must not 'lead' the pupil in any way so should only ask 'open' questions
Make it clear you are obliged to pass the information on, but only to those who need to know
Tell the DSL or Deputy without delay
Write an account of the disclosure as soon as you are able (definitely the same day), date and sign it and give it to the DSL.

Do not ask the pupil to repeat the disclosure to anyone else in school, ask him/her or any other pupil to write a 'statement', or inform parents. You are not expected to make a judgement about whether the child is telling the truth.
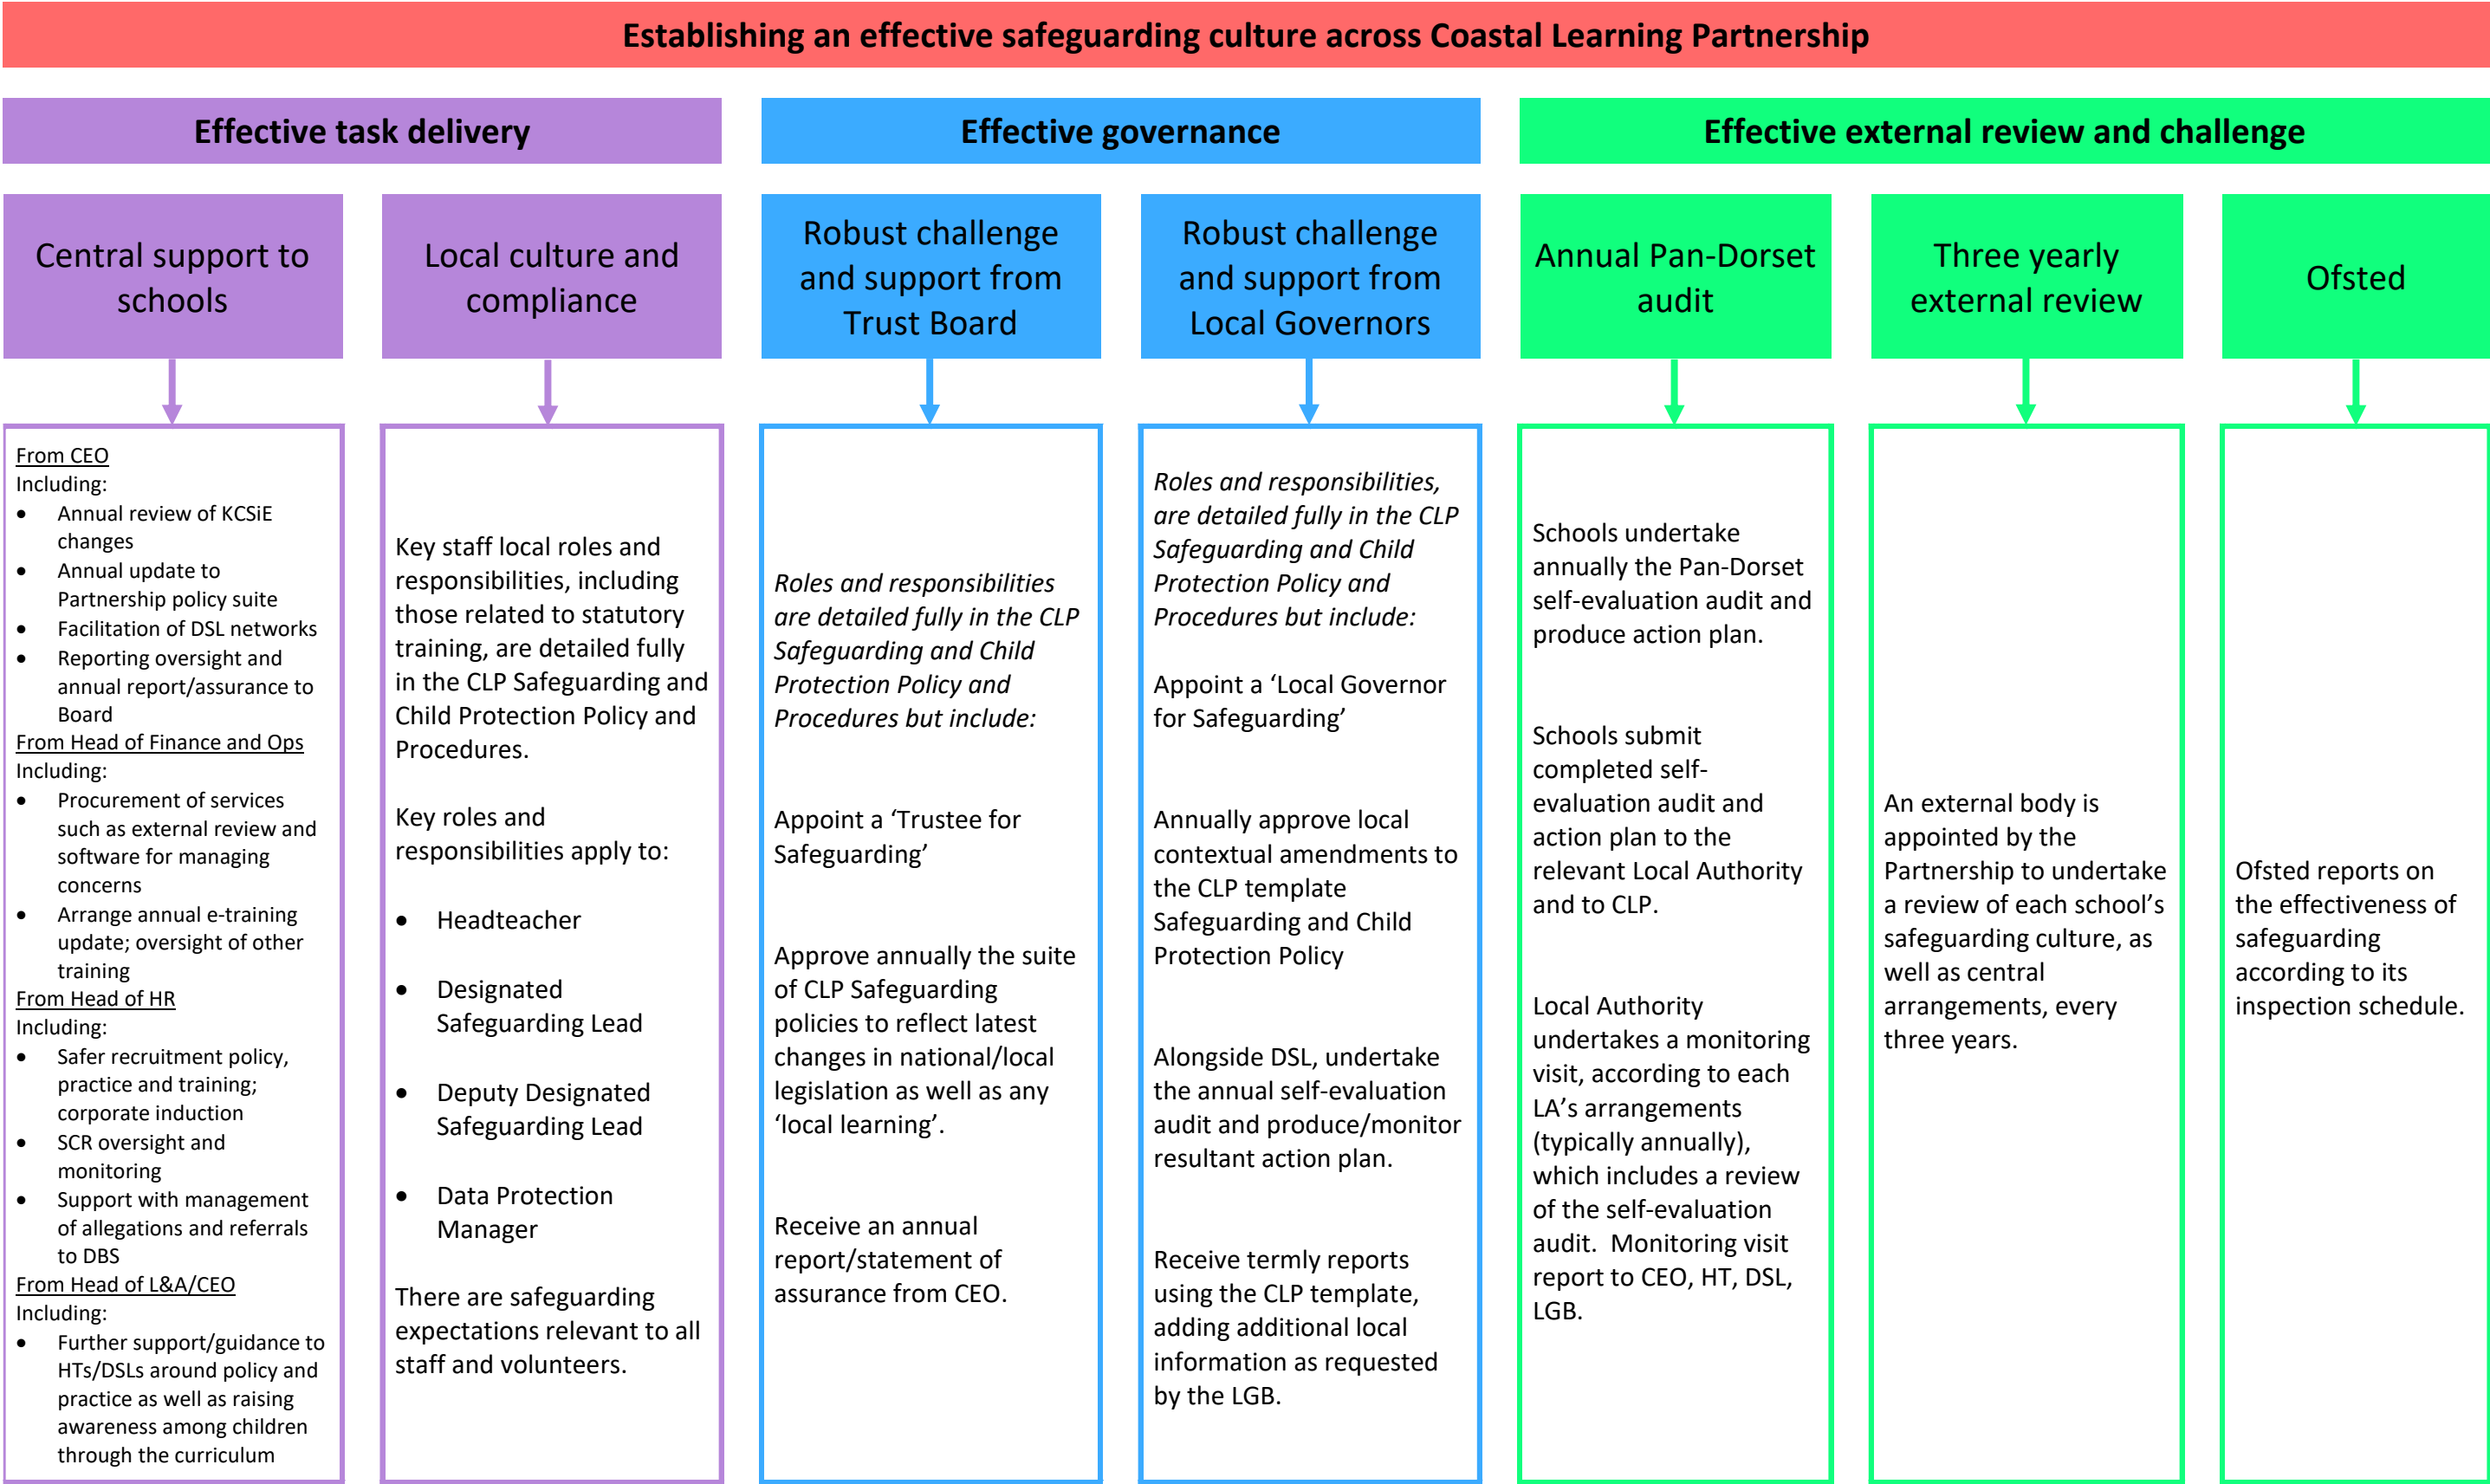

Remember – share any concerns, don't keep them to yourself.

Action on Hearing the Fire Alarm.

Should the fire alarm sound, it is your responsibility to ensure your own safety and that of any children you may be working with.

Please ensure that you know where the nearest fire exit it.

Below is key information concerning fire practice in our school.

Establishing an effective safeguarding culture across Coastal Learning Partnership

Effective task delivery		Effective governance		Effective external review and challenge		
Central support to schools	**Local culture and compliance**	**Robust challenge and support from Trust Board**	**Robust challenge and support from Local Governors**	**Annual Pan-Dorset audit**	**Three yearly external review**	**Ofsted**

Central support to schools

From CEO
Including:
- Annual review of KCSiE changes
- Annual update to Partnership policy suite
- Facilitation of DSL networks
- Reporting oversight and annual report/assurance to Board

From Head of Finance and Ops
Including:
- Procurement of services such as external review and software for managing concerns
- Arrange annual e-training update; oversight of other training

From Head of HR
Including:
- Safer recruitment policy, practice and training; corporate induction
- SCR oversight and monitoring
- Support with management of allegations and referrals to DBS

From Head of L&A/CEO
Including:
- Further support/guidance to HTs/DSLs around policy and practice as well as raising awareness among children through the curriculum

Local culture and compliance

Key staff local roles and responsibilities, including those related to statutory training, are detailed fully in the CLP Safeguarding and Child Protection Policy and Procedures.

Key roles and responsibilities apply to:

- Headteacher

- Designated Safeguarding Lead

- Deputy Designated Safeguarding Lead

- Data Protection Manager

There are safeguarding expectations relevant to all staff and volunteers.

Robust challenge and support from Trust Board

Roles and responsibilities are detailed fully in the CLP Safeguarding and Child Protection Policy and Procedures but include:

Appoint a 'Trustee for Safeguarding'

Approve annually the suite of CLP Safeguarding policies to reflect latest changes in national/local legislation as well as any 'local learning'.

Receive an annual report/statement of assurance from CEO.

Robust challenge and support from Local Governors

Roles and responsibilities, are detailed fully in the CLP Safeguarding and Child Protection Policy and Procedures but include:

Appoint a 'Local Governor for Safeguarding'

Annually approve local contextual amendments to the CLP template Safeguarding and Child Protection Policy

Alongside DSL, undertake the annual self-evaluation audit and produce/monitor resultant action plan.

Receive termly reports using the CLP template, adding additional local information as requested by the LGB.

Annual Pan-Dorset audit

Schools undertake annually the Pan-Dorset self-evaluation audit and produce action plan.

Schools submit completed self-evaluation audit and action plan to the relevant Local Authority and to CLP.

Local Authority undertakes a monitoring visit, according to each LA's arrangements (typically annually), which includes a review of the self-evaluation audit. Monitoring visit report to CEO, HT, DSL, LGB.

Three yearly external review

An external body is appointed by the Partnership to undertake a review of each school's safeguarding culture, as well as central arrangements, every three years.

Ofsted

Ofsted reports on the effectiveness of safeguarding according to its inspection schedule.

The above diagrammatic summary should be read alongside the detailed CLP Safeguarding and Child Protection Policy and Procedures which is available on each school's website.

How to report a safeguarding concern using My Concern
It is important to report concerns fully so that DSLs can deal with them quickly and in the right way

	When you report a concern, you will work through twelve fields in this order:
1 **Name**	Enter the name of at least one pupil.
2 **Body map**	If the pupil(s) has a mark or injury which is easily visible and/or which they have chosen to show you, you should complete the body map (never take photos).
3 **Involvement**	If the concern involves more than one pupil, choose the involvement of each pupil, as best you understand it, from the drop down options: • Victim or Alleged Victim (V) • Perpetrator or Alleged Perpetrator (P) • Witness or Alleged Witness (W)
4 **Summary**	Provide a really brief summary of what you are concerned about.
5 **Send**	This will be sent to the DSL and Deputy DSLs (your school might have included other notification groups here for you to choose such as year groups).
6 **Date / time**	This automatically fills the current date and time, but you can change it.
7 **Origin**	How do you know about this concern? Choose from the drop down options: Child's main parent / guardian Member of staff Child's other parent / guardian Social worker Child Other external professional Another child's parent Another external source
8 **Details**	Write more fully about your concern. Try to remember the following: Use initial for all pupils Describe factual events in detail and order Use names and roles for all staff If you give an opinion, be clear about that Use people's actual words ("…") What you write could be read by parents!
9 **Location**	Choose the location from the drop down list which will include: Child's main address E-safety, onsite Toilets Child's other address Hall Onsite other Classroom Playground Offsite other Corridor School trip Not applicable E-safety, offsite School bus
10 **Urgent?**	If you think that the concern might require action that same day, then tick this box. You must also go and tell the DSL or Deputy DSL.
11 **Action**	Describe any action that you have taken already.
12 **Attach**	Add any other files / information that you think are relevant, if you have any.

More detailed guidance can be accessed from the intranet here.
